DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

And

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 13, 14, 17, 19, and 20 are rejected under 35 U.S.C. 102(b) as being anticipated by Mendelson, U. S. Patent 4,590,381.
3. With respect to claims 1, 2, 13, 14, Mendelson teaches a light-activated illuminating device 10 comprising a support member 12 and a phosphorescent material 18 supported by the support member, wherein the support member 11 and the phosphorescent material 18 are so formed to provide a luminescent image that has a varying luminescent effect after the material 18 is exposed to a light source/light pen 36.

4. Mendelson also shield 34 for shielding phosphorescent material 18 from undesired exposure to light and a second cover member 30 jointed to the shield 34 and movable in relation thereto.

With respect to claims 19- 20, light source or pen light 36 taught by Mendelson comprises a plurality of tip 62. See column 6, lines 22-25 and figures 8-10.

Allowable Subject Matter

5. Claims 15 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
6. Claims 1, 4, 5, 7-12 are allowed.

Response to Arguments

7. Applicant's arguments with respect to claim 13 and (canceled claim 18) have been considered but are moot in view of the new ground(s) of rejection.
